Subject: [External] Re: Enrique McMilion - Docket No. 2019-331-E

To all parties of record,

I apologize if this was considered ex parte communication, my goal and only motivation was to clarify when the clock started for me to file a motion for rehearing, I assumed the clerk could answer and being a procedural question only, I didn't see the harm. If I was mistaken in my assumption, please excuse my ignorance to the rules as they are foreign to me. I also spoke with Mrs. Alavarez on the same day and she confirmed the 10 days to file would begin on the date of confirmation 7/9/2020. Thank you again Mr. Butler and Mrs. Alavarez for your help. To all parties please understand no offence was intended.

Regards,

Enrique McMilion Jr.

To the Parties:

I received a call this afternoon from Mr. Enrique McMilion. Mr. McMilion had a procedural question regarding how long he had to file a Petition for Reconsideration related to the Commission's Order dismissing his case against Duke. I stated that a party has 10 days to file a Petition for Reconsideration after his or her receipt of the Order in question, which is true under the statutes governing matters related to electricity. I did not quote an exact day that his Petition would be due under the Commission's Rules. As was stated, the conversation was strictly procedural.

By copy of this email to all parties of record as found and listed in the Commission's DMS for this Docket matter, 2019-331-E, I do hereby provide the same information as set forth above to all parties of record and for filing in the DMS in compliance with the Commission's internal policy and procedures related to any possible Ex Parte Communications or Communications with or received by the Commission or its staff whether exempt, required, or otherwise by law or statute.

Thank you for your consideration in this matter.
